Shizuoka University NIFEE® Program
National InterFacing Engineers Education Program: NIFEE

Overseas Examination

Entrance examination held in your country on March!

NO examination fee!
NO admission fee!
NO tuition fee!*

- Entrance examination is held at Jakarta, Ho Chi Minh, and Bangkok in March.**
- The scores of EJU, JLPT, and English test are acceptable for screening.
- Score of JLPT can be used instead of Japanese Language in EJU.
- Alternative Achievement Tests will be prepared for those who do not meet EJU and/or JLPT, English scores.
- The enrollment date is the 1st of October.

* NIFEE students are exempted from the full/half tuition fee and the entrance fee. If your academic achievement is insufficient, you might lose this privilege.
** Location may be subject to change

AIM OF NIFEE PROGRAM

The Faculty of Engineering prepared a special education program for foreign students who wish to learn technology along with knowledge of Japanese language, culture, and the tradition. The faculty will also prepare classes in which students learn Japanese manufacturing systems including quality control and production management. Students will acquire skills of Japanese engineering essentials so that they can contribute to the development of industries in their home countries. The program will also help to promote friendship between their home countries and Japan.

*If you have minimum required score in EJU, you do not need to take JLPT

STEPS TO ENTER NIFEE PROGRAM

For NIFEE Program

Take EJU, JLPT, and one of the English Tests (TOEIC, TOEFL or IELTS) in your home country

Apply to NIFEE From your home country on Jan. to Feb.

If you match all required tests and scores

If you do not match required tests and scores

Entrance Examination In your home country on March

Interview only

Written tests and interview

Visit to JAPAN

October Entrance

General Bachelor Course

Learn Japanese Language and/or take EJU, JLPT, and English Tests (TOEIC, TOEFL or IELTS) in your home country

Visit to JAPAN

Attend Japanese Language School Please keep taking EJU and one of the English tests (TOEFL, TOEIC or IELTS).

EJU test held on June and Nov., application closed on Feb.-March and July. JLPT test held on July and Dec., application closed on March-April and Aug. to Sep. Details may be subject to change.

In Japan

February Entrance Examination In Japan

April Entrance
PROGRAM OVERVIEW
This program is aimed for students from Indonesia, Vietnam, and Thailand. The first semester will be an intensive 10-period courses of Japanese language along with basic physics, mathematics, and chemistry. During that time, the lecture will be done in easy Japanese.

On the next semester, the students will proceed to the department according to their interest, and study along with Japanese students using Japanese Language. We have also prepared courses such as Japanese culture, and Japan’s Industrial History.

In the last semester of the fourth year, students will concentrate on their own research, which will lead them to the title of “Bachelor of Engineering” and graduate from Shizuoka University.

DEPARTMENT INFORMATION
For more details about departments and courses, please visit URL at http://www.eng.shizuoka.ac.jp/en_introductions/n01/.

Department of Mechanical Engineering
Course of Aerospace and Environmental Engineering
Course of Intelligent Processing and Materials Engineering
Course of Opto-electronic and Precision Engineering

Department of Electrical and Electronic Engineering
Course of Information Electronics
Course of Energy and Electronic Control

Department of Electronics and Materials Science
Course of Electronics and Devices
Course of Materials Science and Engineering

Department of Applied Chemistry and Biochemical Engineering
Course of Applied Chemistry
Course of Chemical and Bioengineering

Department of Mathematical and Systems Engineering

TUITION
Tuition fee will be 267,900 yen per semester with the entrance fee of 282,000 yen. Perhaps, NIFEE students are exempted from the (full/half) tuition fee and the entrance fee.

Caution: If your academic achievement is insufficient, you might lose this privilege.

SCHOLARSHIPS
Shizuoka University offers a number of scholarships to select students based on academic ability. There are also other scholarships available, which are given according to academic progress. Excellent students may get scholarships and those scholarships albe to apply after you enter our university.

UNIVERSITY LOCATION
Shizuoka University has six faculties in two campuses, and is one of National Universities. The Faculty of Engineering and the Faculty of Informatics are located in Hamamatsu city. You can reach Hamamatsu from Tokyo in 1.5 hours using Shinkansen (Bullet Train) watching Mt. Fuji on your way.

ABOUT HAMAMATSU
Hamamatsu is famous as an industrial city, especially for motorcycles and musical instruments. It is the home of many world-famous companies such as SUZUKI, HONDA, YAMAHA, KAWAI Piano and HAMAMATSU Photonics. As Hamamatsu is close to Nagoya and located midway between Tokyo and Osaka, all of the three major metropolitan areas are readily accessible. The population is approximately 820,000, including 1,045 Vietnamese, 643 Indonesian and 195 Thai (as of 2012). The climate is relatively mild throughout the year. In winter, it is not so cold that snow seldom falls except for mountain districts. However, it is often windy because of the seasonal north-west wind. A rainy season occurs from June to early July. In summer, we have hot and humid weather. Sometimes the temperature exceeds 35°C.
